

Dear pregnant mothers,  
dear expectant parents  
and families,

The obstetrics department of the Klinikum Links der Weser is moving soon. On 6 July 2022 at 10 pm, we will start working in our brand-new premises at the Klinikum Bremen-Mitte. No more births will be possible at the Klinikum Links der Weser from that time.

Six new delivery rooms will be waiting for you at the Klinikum Bremen-Mitte, all of which will be equipped with a birthing pool, a labour area with a heated bench, modern examination rooms and comfortable rooms – and our tried and tested, expert obstetrics team. What is new is that all paediatric facilities will now be under one roof. This will keep paths short if any support is needed from paediatricians. We will do everything to ensure your child is born naturally and safely.
